

# MULTIPOINT ORDER FORM

## CUSTOMISED HYDROTHERAPY SYSTEM

### HOW TO COMPLETE THIS ORDER FORM

Follow the numbered steps below.

Once completed, fax the form to (02) 9518 0216 or scan and email to sales@bathe.net.au

### IMPORTANT CONSIDERATIONS

#### Pump installation

Pump will not fit completely under the rim of the bath. Pump is supplied detached and must be mounted below top jets and above suction intake to ensure pump primes when bath is filled and drains when bath empties. It is recommended that the pump be located less than 2 metres from the bath. 10 amp supply required.

#### Pump dimensions

Length 410mm × Height 245mm × Width 150mm

#### Control positions

These are determined by Bathe and will not be accepted if marked on this order form unless item 1(ii) applies.

Note: On/Off controls are not able to be rim-mounted on Kaldewei oval-shaped baths and will be supplied detached for remote hob-mounting. In this case, the hob must not be more than 30 mm in thickness or should be rebated underneath.

#### Overflow

Note: Overflow is normally to front on double-ended designs.

## 1 SELECT PUMP POSITION

(i) Indicate approximate pump position (tick ONE box) against the desired bath shape; and  
 (ii) If bath is under-mounted or oval-shaped, indicate approximate position of controls with a 'C' (for detached hob-mounting).

## 2 Select ONE Massage Plus jet pattern and its end location(s) on the bath (refer A/B as per Step 1).

4-jet pattern location:  
 A  B  Both

6-jet pattern location:  
 A  B  Both

8-jet pattern location:  
 A  B  Both

8-jet pattern location:  
 A  B  Both

10-jet pattern location:  
 A  B  Both

Note: Pattern illustrations indicative only.

 Massage Plus jets  
 Spiralling flow

### 3

Select ONE Massage Plus and Reflexology combination jet pattern and its end location on the bath (refer locations in Step 1).

Note: Pattern illustrations indicative only.

 Massage Plus jets  
Spiralling flow

 Reflexology jets  
Precise gentle flow

4-jet pattern location:  
 A  B

6-jet pattern location:  
 A  B

8-jet pattern location:  
 A  B

8-jet pattern location:  
 A  B

2-jet pattern location:  
 A  B

4-jet pattern location:  
 A  B

6-jet pattern location:  
 A  B

### 4

Select ONE Toning jet pattern.

Note: Pattern illustrations indicative only.

 Toning jets  
Wide powerful flow

4-jet pattern

6-jet pattern

8-jet pattern

10-jet pattern

12-jet pattern

\*Please add the total jets from sections 2, 3 and 4: \_\_\_\_\_

### 5

Select ONE installation method.

- Under-mount
- Built-in
